

THE BEST FOLDING LIST

FOLDING HOUSE

@bigtinyhouses

When we embark on creating a new home, we invest a significant amount of time in carefully selecting incredible furniture and decor. It's a process that allows us to infuse our personal touch and create a space that truly reflects our style and preferences. Now, you have the opportunity to bring these extraordinary furniture pieces and decorative items into your own home, curated by us.

If the item is not available and there is no similar one in the Discover similar items tab, please search for it by name and purchase it through the search bar. Buying it through the provided link will greatly help us to continue creating homes for you.

ATTENTION

Some items may be different from those shown in the video and images, and this occurs for a few reasons:

- The markets are different, meaning that some objects are easily found in the United States but not in Brazil.
- Amazon does not have the exact object/furniture shown in the video, so in this case, we look for something as similar as possible and/or something that maintains the concept of the space.

You are not purchasing anything from Big Tiny Houses; we simply selected the furniture available on the Amazon.com website and listed them here in this shopping list."
